**Sociology**

**Mission and Vision**

**Mission and Vision:** The Department of Sociology is committed to providing students with the tools to engage, and the skills to solve, real-world problems (e.g., health/well-being, environmental and social justice, inequalities). Our graduates have strong analytic and communication skills, can think critically and act creatively to address social problems. By ensuring that all students apply their learning through hands-on research projects and internships, we graduate informed students who are prepared to work in areas designed to address systemic problems facing our local, regional and global communities.

A BA degree in Sociology enables students to develop a deep understanding of the social world and how it operates as well as how personal issues and public concerns interconnect. In addition, a sociology degree develops students' research knowledge and skills in ways that enable graduates to confidently apply the critical thinking, analytical, and communication skills that are crucial for success in today's ever-changing world.

Earning a BA in sociology offers students wide flexibility in terms of career choices. Graduates apply their knowledge and skills within such areas as medical and health services, recreation, business, law and law enforcement, urban planning, social policy, and social services. Sociology students are also prepared for graduate and professional school programs in areas such as law, medicine, health professions, public policy, business, sociology, social work, and other social sciences.

**Statement of policies - Admission**

For students enrolled at the University of Akron and for students wishing to transfer directly to Buchtel College of Arts and Sciences from their institutions, the following criteria must be satisfied for admission to the Department of Sociology:

- The student must be admissible to Buchtel College of Arts and Sciences.
- A minimum grade point average of 2.0 must be met in all university work, including transfer credits until 30 UA credits are earned. Only credits earned at an accredited institution of postsecondary education, as recognized by The University of Akron, will be considered for transfer credit, and only those grades will be considered in the grade point average.

**Graduation**

A Sociology major must earn a cumulative 2.0 grade point average in Sociology and overall to graduate with such a declared major.
