GENERAL BUSINESS

The general Business Administration majors and minors are designed to enrich a student’s academic and professional experience.

The Business Administration major is intended to offer flexibility to the student. Some students who intend to pursue careers in small business management, whether by creating or acquiring a business, or perhaps taking over a family business enterprise, may find the flexibility of this degree program best for them. Other students with more full-time professional experience may also prefer the broader course selection available in this degree program.

The Business Administration major requires students to complete the CBA core curriculum and 27 credit hours from specified courses. Students majoring in general business must complete an approved College of Business Administration minor.

The General Business Administration minors are designed for students in a major outside of the College of Business Administration to enrich their academic experience and increase their potential career opportunities. Due to pre-requisites, students should allow two years to complete a minor in the College of Business Administration. Some courses include 3450:145 Algebra for Calculus as a pre-requisite.

The Undecided Business major is designed for students in the College of Business Administration who are uncertain about which major in the College of Business Administration to declare. Ideally, students should select a major by the start of their Sophomore year of college.

To declare a major or minor, please make an appointment with a College of Business Administration Academic Advisor by calling 330.972.7042.
