The following information has official approval of **The Department of Engineering and Science Technology** and **The College of Engineering and Polymer Science**, but is intended only as a guide. Completion of this certificate is contingent upon many factors, including but not limited to: class availability, total number of required credits, work schedule, finances, family, course drops/withdrawals, successfully passing courses, prerequisites, among others.

The following courses constitute a "Certificate in Construction Estimation" and must be completed with a minimum grade point average of 2.0 overall for the certificate to be noted on the student's record.

Summary

Code	Title	Hours
Required Courses		15
Total Hours		15

Required Courses

Code	Title	Hours
2990:131	Building Construction	2
2990:150	Plan Reading	2
2990:245	Construction Estimating	3
2990:358	Advanced Estimating	3
2990:465	Heavy Construction Estimating	3
2990:469	Contracts and Specifications	2
Total Hours		15
